

With You Wednesday

Mid-week Connection

We are thankful for the relative safety and peace here in Bulloch County.

We pray for the end to the crises and chaos that grips our nation and for real and lasting change.

We pray for one another and all communities of faith throughout the world.

Please consider sharing a photo of what's happening at your home with our FPC family. Just send a picture and description to:

office@fpcstatesboro.org

The Feltman Family connected and spent time together learning watercolor techniques and bullet journaling.

We miss seeing everyone but embraced this time and loved exploring new skills as a family.

Carrie, Brian, Naomi and Maxine

Mary Phillips has been doing yard work — fighting a losing battle with the magnolia leaves. They never stop falling!

Bill and Carolyn Broucek have been sheltering at the coast where they have used their time to make repairs; a little time on the water takes care of the “all work and no play” issue. The sunflower is growing in the little full-sun garden spot, and can be enjoyed from the newly refurbished porch!
